Stay safe online

10 Ways to keep yourself safe online.

1. Put all your accounts on private.
2. Speak to people you know.
3. Don't share your location.
4. Don't share your school logo on public information.
5. Never agree to meet someone you met online, who you don't know or haven't met before.
6. Only get apps suitable for your age group.
7. Always cover your web camera because hackers can hack your camera and see you.
8. Tell a trusted adult if you are worried about anything online.
9. Keep your personal details private and only give them to your friends and family.
10. Do not send photos of yourself.

In addition to the above, the following suggestions were also made by the young people at the Choices for Young Voices Group:

Don't send or post anything that can get you into trouble.
If gaming, use a username and don't use your own name.
Only follow people you know.
Block scammers.
Don't hate on people it will end up backlashing on you.
Don't give out your phone number, address or name.
Don't search stuff that is not cool.
Have a strong password.
Report hate stuff, or nasty comments and block them.
If you are not sure about something, ask an adult.
